The Best of Entrepreneurship Series

Empowering Entrepreneurs Globally

Launched by the Islamic Chamber of Commerce and Development (ICCD), the Best of Entrepreneurship (BOE) Series is a pioneering initiative built to empower entrepreneurship and drive transformative impact across industries and borders.

Through a series of events, BOE Series empowers entrepreneurs, accelerates trade, unlocks regional investment, and creates meaningful pathways for knowledge exchange across the Islamic world.

At its core, the Best of Entrepreneurship Series serves as a dynamic space where business leaders, entrepreneurs, and industry experts converge to share creative ideas, forge strategic partnerships, and co-create sustainable solutions that drive economic prosperity across the Islamic world.

A Journey of Impact

From Local Roots to Continental Vision

The Best of Entrepreneurship Series (BOE) began its journey in 2021 at ICCD Headquarters in Karachi. Focused on the Pakistani market, BOE Pakistan empowered local innovators through eight vital themes, from microfinance to green entrepreneurship, laying a strong foundation for national economic growth.

WELCOME TO THE 1ST EDITION OF BOE AFRICA

“Bridging Finance and Enterprise across Africa”

9-10
November, 2026

Kempinski Palace Cairo
New Cairo, Egypt

Following the remarkable success of BOE previous editions, BOE Africa 2026 is here, uniting the continent’s entrepreneurial ecosystem. We are bringing together businesses, investors, financial leaders, and development organizations to connect, collaborate, and build the partnerships that drive progress.

Under the theme “Bridging Finance and Enterprise Across Africa”, we are closing the gap between capital and enterprise to accelerate business growth, expand trade, and unlock Africa’s full entrepreneurial potential.

KEY OBJECTIVES

EQUIP African entrepreneurs with connections, insights, and opportunities to grow and scale their businesses.

STRENGTHEN Egypt's role in connecting African entrepreneurs with opportunities, resources, and networks.

CONNECT entrepreneurs with investors, financial institutions, and financing opportunities to support business growth.

CREATE pathways to new markets, cross-border opportunities, investment, and strategic business partnerships.

PROMOTE technology-driven solutions, innovation, and sustainable business practices across African markets.
