

Neighbour Roots

The Shelf Life starts with You

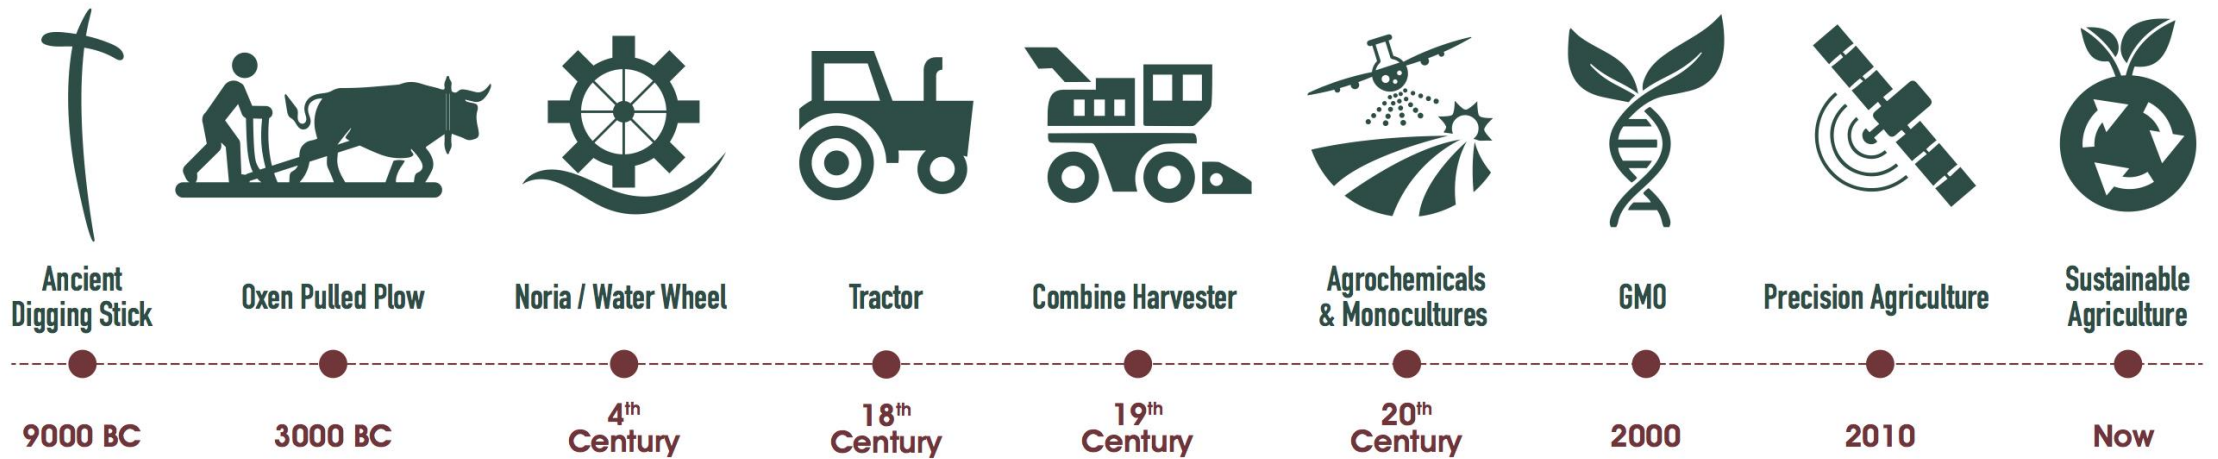

Presented by: Zandile Kumalo

ZANDILE KUMALO

- Acquired a National Diploma in Analytical Chemistry from the VUT.
- A qualified Carbon footprint Analyst and an Agri-Tech Hydroponic Specialist
- Started farming on a 2000m² space on a leased backyard at age 20, creating awareness of zero hunger in my community.
- My primary focus is to supply leafy greens which are fresh, full of flavour and nutritionally dense with a longer shelf-life to restaurants and residents.
- Educating youngsters about Agri-tech.
- Value professionalism, giving back to the community and the experience of working with nature through learning and teaching others about the Agri-tech industry.
