Product Range

OHTL

AAC, AAAC, & ACSR
Twisted or Ariel Bundled

Low Voltage Cables

0.6kV - 3kV

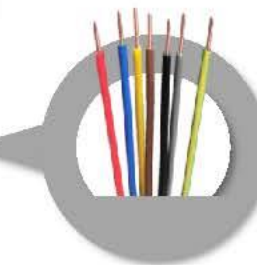

Medium Voltage Cables

3.6kV - 36kV

Building Wires

1.5mm² up to 630mm²
Solid, Stranded & Flexible

High & Extra High Voltage Cables

38kV - 245kV
conductor up to 2,500mm²

Special Cables

Control, Instrumentation,
Fire Alarm, Fire Resistant (950°C),
Coaxial & Data Cables, LSHF &
HFFR up to 50mm², Pilot Cables,
Flexible wires & multi-core
cables up to 16mm²

Telecom Cables

up to 2,400 pairs/km

Magnet Wire

Copper & Aluminum
from 0.2mm up to 5mm
All classes: C, F & H
Grades 1, 2, & 3

GCA established in 2018, we have emerged as a trailblazer in the electrical cable supplies and accessories industry, leveraging our accumulated expertise, specialized engineering talent, and unwavering commitment to quality.

PRODUCT RANGE

MEDIUM & LOW VOLTAGE CABLE ACCESSORIES FEATURES

Medium Voltage Joints

Medium Voltage Cable termination.

Elbows-Screened Separable Connectors

GIZA **POWER** T&D was established in 2012, despite the short period, we became the main contractor with the Urban Communities Authority and the Engineering Authority for the Armed Forces and implemented many strong and distinctive Projects in Egypt and the region.

Services

- Electrical infrastructure solutions.
- Electrical supplies and installations.
- Solar power solutions.

Giza Metal Factory was established in 2018 as a professional factory to serve a wide range of projects and customers, achieving the highest levels of quality and implementation through modern production lines and a distinguished work team.

We are committed to creating well-designed, high quality, financially affordable, and energy efficient LED lighting products that make it easy for distributors to sell, electricians to install and end users to save energy.

PRODUCT RANGE

Our lighting products deliver a broad range of innovative and reliable indoor and outdoor optimal lighting solutions.

ATOM Electric is a prominent Egyptian company that produces ABC cable accessories.

ATOM's products have been designed with perfect technology to ensure easy installation and guarantee reliability and durability in all weather conditions.

PRODUCT RANGE

ATOM

Clamps

Dead End Clamps

Service Anchoring Clamp

Insulated Piercing Connectors

Brackets

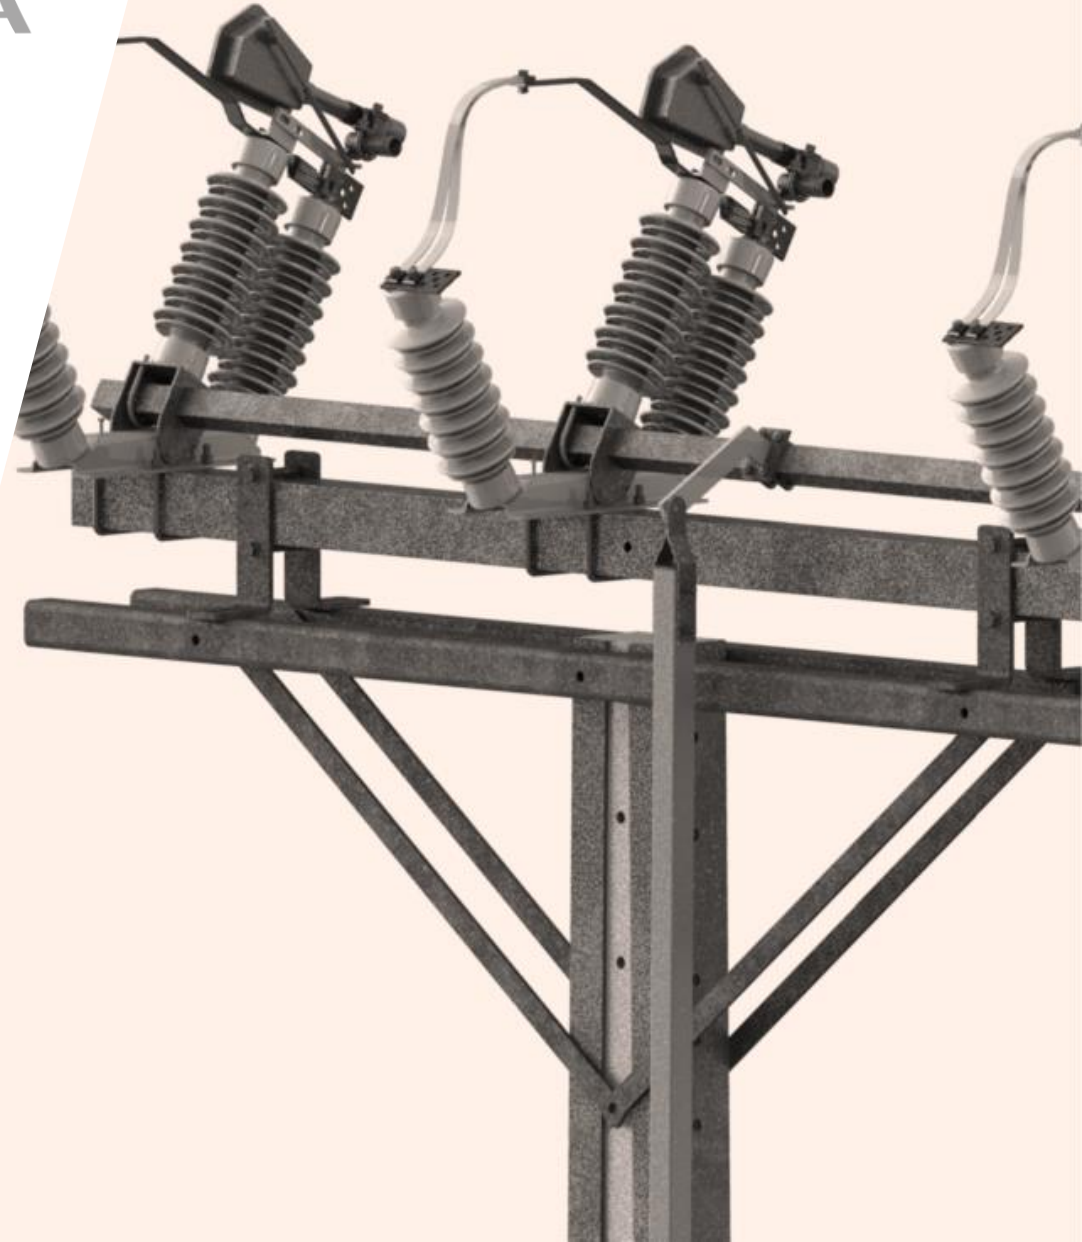

Suspension Clamps

MATOLA

MATOLA Medium voltage air break switches manufactured and tested in compliance with international standards IEC.

Our products feature a reliable and flexible design with a wide range of breaking current parameters.

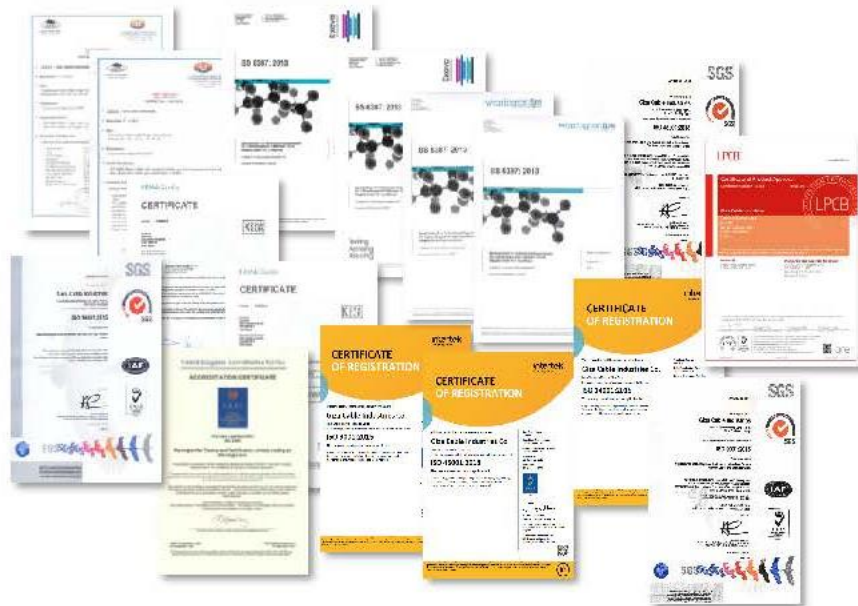

NAJJAR ability to implement:

- Economical, high-quality doors using honeycomb and melamine for the door leaf.
- Double block boards for the door frames
- Plywood panels for architraves, covered with PVC.

Testing Labs & Quality Certifications

Giza company is awarded the highest product type test certifications from a group of local and international certifying agencies
