analytica Lab India

International Trade Fair for Laboratory Technology,
Analysis, Biotechnology and Diagnostics

analyticalabindia.com

April 22-24, 2026

Jio World Convention Centre, Mumbai

September 10-12, 2026

HITEX Exhibition Centre, Hyderabad

analytica Lab India 2026 - The Leading Lab & Analytical Network

Across Mumbai and Hyderabad, analytica Lab India stands as the largest and most focused platform for the laboratory technology, analysis, biotechnology and diagnostics. It is the ultimate platform to showcase innovations, connect with decision-makers, and drive meaningful business collaborations.

The analytica Lab India Advantage:

Total Market Coverage: From pharma and biopharma to F&B, chemicals, cosmetics, and academia—connect with the industries that are shaping India's growth.

Decision-Makers Onsite: Engage with users, influencers, and key buyers—all coming together at analytica Lab India.

From Demo to Deal: Showcase your products, spark meaningful conversations, and transform live demos into real business deals.

Why Mumbai?

India's commercial capital—home to leading pharma HQs, global FMCG brands, specialty chemical majors, food giants, and top CROs—Mumbai offers unmatched access to decision-makers.

At Mumbai edition, connect with buyers not only from Mumbai but also from key hubs like Goa, Pune, Ahmedabad, and Indore—all in a premium, business-first setting at the Jio World Convention Centre.

With its strong presence across Pharma, Food, Chemicals, FMCG, and Cosmetics, Mumbai is a powerful multi-industry hub. And with the Navi Mumbai Research District and Mumbai Biocluster on the rise, the city is rapidly becoming a leading centre for R&D and innovation-driven pharma growth.

Why Hyderabad?

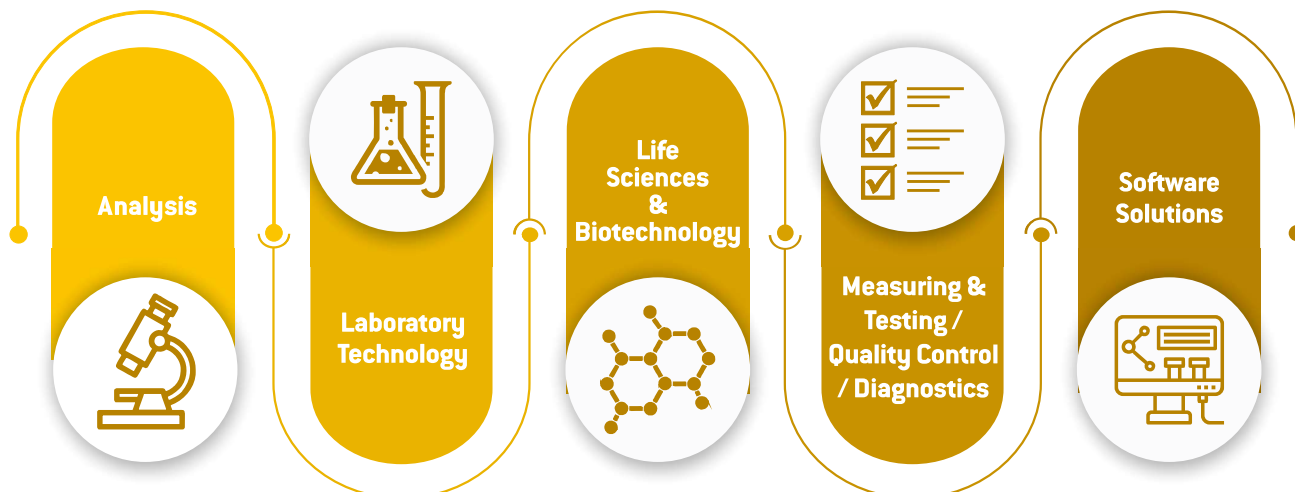

India's life-sciences engine—formulations, vaccines, bulk drugs, R&D parks, and a deep supplier base.

Hyderabad's edition connects you to plant leadership, QA/QC heads, and tech adopters who prioritize compliance, scale, and speed.

Backed by a robust ecosystem of global companies, start-ups, and research institutions, Hyderabad continues to lead India's transformation in life sciences and technology.

And now, with the upcoming Green Pharma City—powered by multi-billion-dollar investments and large-scale job creation—the city is set to expand far beyond its existing Pharma City footprint.

Exhibitor Testimonial

eppendorf

The Innovation Launchpad gave our new offerings visibility, but the real success was the meaningful conversations at our booth with decision-makers committed to technology adoption.

**Dr. Muruganand Duraisamy, Head of Marketing
Eppendorf India**

Visitor Testimonial

analytica Lab India has been a rewarding experience. The event brought together a wide range of new laboratory and analytical solutions under one roof, and the one-on-one sessions with exhibitors made it easy to find the right technologies.

**Gouri Prasad Nanda, Vice President & Head, Investigations – Quality
Glenmark Pharmaceuticals Ltd.**

glenmark
A new way for a new world

A Strategic Co-location in Mumbai

PharmaCore India is an ecosystem, not just an exhibition—built for API, KSM, Excipients, Formulations, CDMO Leaders & more.

Co-location with analytica Lab India creates robust cross-sector synergies between pharma manufacturing and advanced testing, ensuring your solutions are evaluated end-to-end, from development to release.

Supporting Programmes - Mumbai & Hyderabad

Hosted Buyer Programme

Hosted Buyer Programme offers a cost-effective, time-efficient way to connect with top-tier suppliers of analytical instruments, and laboratory equipment through highly productive, pre-scheduled meetings.

Buyer-Seller Forum

The pre-scheduled matchmaking platform facilitates direct contact between exhibitors and buyers from domestic and international markets. It is a tailor-made opportunity for exhibitors to connect with potential customers. In the 2025 edition, almost 1,500 pre-scheduled meetings were held.

Start-up Pavilion

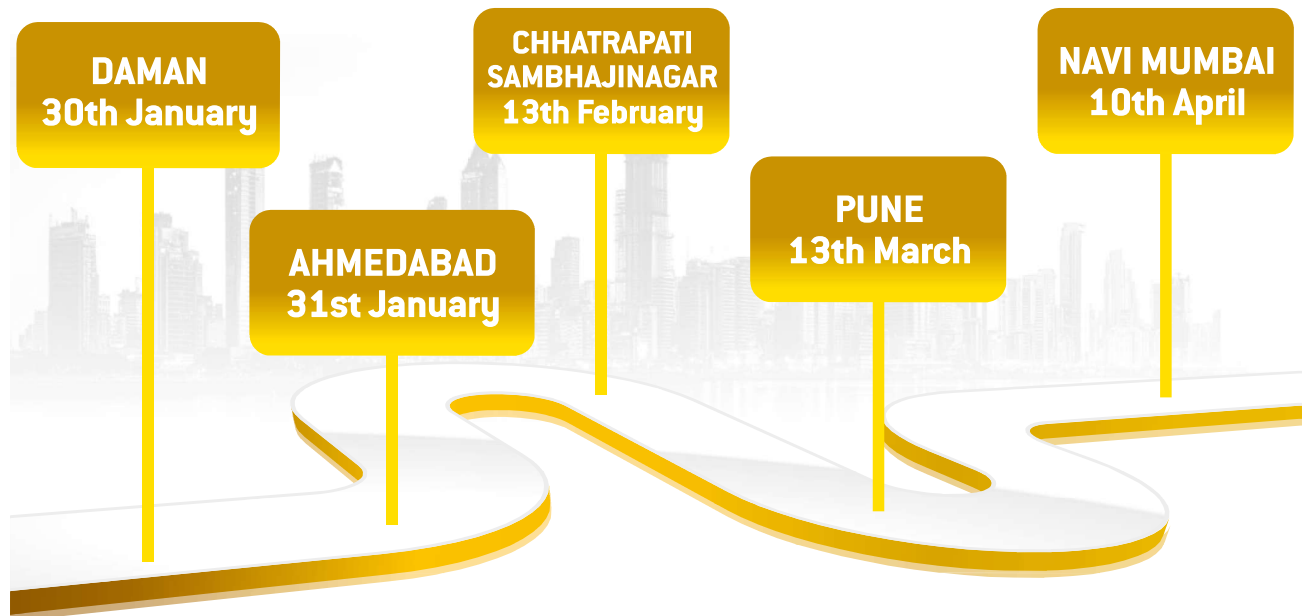

The newly introduced Start-up Pavilion in Mumbai and Hyderabad will offer a dynamic, cost-effective platform for new companies specializing in cutting-edge lab & analytical technology, diagnostics, and software solutions. You will connect with innovators and investors who will shape the future of scientific research and industry applications.

Software Pavilion

AI is now a lab essential. The Software Pavilion showcases AI, data science, LIMS/LES, robotics, IoT, and MES automation—demonstrating how digital stacks elevate compliance, efficiency, data integrity, and audit readiness. Exhibitors can meet buyers who are investing in the next generation of digitized, automated labs.

Multi-City Roadshows

Held in multiple key industry hubs across India, these interactive roadshows spark early engagement, build regional buzz, and help the right people meet well before the show floor opens.

The Global Network for your Laboratory Community

analytica Lab India is a part of the worldwide analytica network, including analytica in Munich, analytica China, analytica Lab Africa, analytica Vietnam, and analytica USA. The global network combines innovations and trends with country-specific themes, precisely tailored to the market. Plus, the recipe for success of the mother fair: depicting the market and bringing together all key players at an international level. Exhibitors benefit from our international network and our global partnerships with associations, key industry players, and media.
